The Stewards have received a report regarding the official fuel supply for this event. The Stewards consider the circumstances of the supply issue to be one of *force majeure*.

Although stocks of the event specified fuel are available at the circuit, they are inadequate to supply all cars for the Event. The official supplier has received further supplies of a different fuel and to maintain, so far as possible, sporting equity, the following will be applied for the Event:

Cars entered in the Overall category and car #36 will be required to use **P1 Racing Fuels FIA 102RX**.

All other cars will be required to use **P1 Racing Fuels FIA 102GT**.

A further Bulletin regarding fuel weight will be published.
