

From The Stewards of the Meeting

Bulletin N° 13

To All Competitors and Officials

Date: 23 November 2019

Time: 09:49 hrs

POSTED
at 09h52

The Stewards give notification that, in accordance with Article 20.1 of the Kyalami 9 Hour Sporting Regulations, the pit stop time limitations from Pit In to Pit Out for this Event for all classes are:

Maximum of 49.999 seconds for a short stop

Minimum of 90.000 seconds for a long stop

Competitors are reminded that there is a non-cumulative one second tolerance which may be used only three times during this Event.

Any time penalties taken during a pit stop will increase the minimum pit stop time above by the duration of the penalty awarded.

For safety reasons, in case of a change of weather conditions and after notification of Wet Pit Stop authorisation from the Race Director on the timing monitors and teams radio, teams will be allowed to make a pit stop to change all four tyres from slick to rain tyres only. These pit stops will be FREE in terms of length from pit in to pit out but teams may only change the four tyres with no other operations authorised. Random checks will be made on compliance via the pit lane marshals and officials and pit gantry cameras (which must record these tyre changes) and any infractions will be notified to the Stewards of the Meeting.
