Tyres for Test Practice Sessions

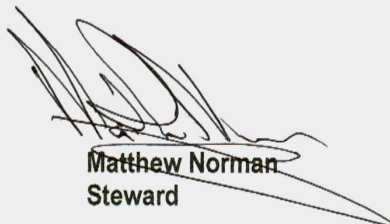

Further to Article T12.2 of the 11th Gulf 12 Hours Sporting & Technical Regulations, and in the interests of sporting fairness, the Stewards have determined that in addition to any of the maximum seventeen (17) sets of new dry tyres available to them during the Competition any competitor may use a maximum of three (3) further sets of dry tyres during the first three Test Practice sessions.

These maximum three (3) sets may comprise of any combination of additionally purchased new tyres (maximum two sets) as provided for in the corrected Article T12.2 (see Stewards' Bulletin No. 01) and/or used Pirelli tyres purchased for competition or testing since February 2022. For the avoidance of doubt, this means that a competitor may use more than one set of carried forward used tyres during the first three Test Practice sessions.

All tyres must be presented to Pirelli for scanning before use. None of the maximum three (3) additional sets of tyres may be used for any session after Test Practice 3.
