Race Director's Communication

Document: RD-03

From:	The Race Director
To:	All Competitors
Cc:	The Stewards The Clerk of the Course The Secretary of the Meeting

## RED FLAG PROCEDURE

Should it be necessary to suspend a session (Red Flag) during the Open Test Practice sessions, the Free Practice sessions and the Qualifying sessions, all cars must return to their pit working areas.

Cars must not move to the Fast Lane until instructed to do so (either by radio message of Fast Lane Open, or a green light at the pit exit). Any car already at the Pit Out lights must remain there.

Teams should be aware that a Recovery Vehicle may be towing a car along the pit lane. The Recovery Truck will travel in the Fast Lane, take the car to its pit working area and then travel to the gate near to the Pit Out position.

By keeping the Fast Lane clear this will allow the Recovery Truck to exit the pit lane in the shortest time and assist in the prompt restart of the session.
